

REMARKS/ARGUMENTS

Claims 9-11, 14-16 and 19-21 are active in the case.

Claims 1, 4-8 and 18 have been canceled. Claims 4, 6 and 8 have been rewritten as new Claims 19-21, including all of the limitations of Claims 4, 6 and 8 and Claim 1. Claims 9 and 14 have been amended to correct an obvious typographical error in that the term “transmission” has been changed to “emission”. No new matter has been added into the amended claims or new claims. It is requested that this amendment be entered, since it places the claims in condition for allowance.

The Examiner is requested to rejoin withdrawn Claims 12 and 17 under M.P.E.P. §821.04, since these claims are drawn to a method of making the elements of allowed Claims 9 and 14, respectively.

The rejection of Claims 1 and 5 under 35 U.S.C. §102(b) as anticipated by JP 56-057877 and JP 56-082878 is now moot, since Claims 1 and 5 have been canceled.

The objection to Claims 4, 6 and 8 has been obviated by rewriting these claims as Claims 19-21 and including all the limitations of Claims 4, 6 and 8 and Claim 1.

Applicants again request the Examiner to consider the references in the Information Disclosure Statements filed April 17, 2003 and July 9, 2003, initial the references as having been considered on the Form PTO-1449 supplied and return a signed copy to Applicants with the next Official Action.
